

# Ramp'n'Roll

## Grades P - 2

---

### Introduction

Test out the movement of everyday objects using ramps! Raise up your own ramp and see how different objects and materials move as they slide and roll.

### Materials

#### Surface of your ramp

- cardboard (from a cereal box), binder, large book, or piece of wood

#### Base of your ramp

- stack of books, blocks, or Duplo/Lego

#### Different objects to send down your ramp

- toys, recycled materials, water bottles, food cans, blocks, pencils etc.
